

CORPORATE / TEAM EVENT

ACTIVITY SUMMARY

- A trip to Til-Tops is a challenging and surprising company event that does not look at all like the usual everyday life at your workplace.
- It mentally and physically challenges the participants, and it requires them to support and help each other when their individual limits are tested.
- A team-building event at Til-Tops will improve the communication and cooperation among participants, who see each other in a completely new perspective.
- You should plan for 3-4 hours for the total activity, including check-in, instruction & climbing time. You can combine several activities in our parks and we can help you add team-building exercises as needed, depending on your specific business- and team-challenge.

BEFORE YOUR VISIT TO TIL-TOPS

- Make sure you reserve your activity slot well in advance to avoid disappointment. Let us know how many guests will be climbing, how old they are, and whether they have any special requirements, wishes or needs.
- If you would like to include team building exercises or workshop components, please contact our staff for a specific workshop offer and agenda.
- For our guests' safety, anyone who climbs needs to wear sturdy, closed shoes. Participating in the activity is not possible if guests are wearing unsuitable footwear such as flip-flops, open sandals, no shoes, high-heeled shoes etc.
- Please print our "Safety Rules" sheet and make sure that all climbers know and understand its content. You can fill in one sheet for the entire group - please make sure that you note each participant on the back of the sheet, including name, first name and birth date, and let them sign their understanding and acceptance of the safety rules.

DURING YOUR VISIT TO TIL-TOPS

- As you arrive at Til-Tops, please check in at reception and announce yourself with your name and reservation number / booking confirmation.
- You will be asked for the "Safety Rules" form that is signed and mentions each climbing guest. If you want to save time on the day, you can print, read, fill in and sign the form at home and bring it to the park.
- Our staff will then equip the climbers with a harness and give them the safety instruction. This will take about 20-30 minutes.
- After your safety instruction, you will climb the various tracks with your group. An instructor will be nearby and can help in case guests have questions or need assistance. If you have planned additional team building exercises, these will follow the agreed agenda.
- Please note that depending on the height and weight of the guests, they will have access to different climbing tracks. Check out the park-specific sites for details on who can access which tracks.

AFTER YOUR VISIT TO TIL-TOPS

- Sign up for our newsletter to hear about updates, special events and offers.
- Please share your feedback on our Facebook site, on TripAdvisor or via email. Thank you 😊
