

SCHOOLS, UNIVERSITIES & SIMILAR

ACTIVITY SUMMARY

- A school visit or field trip to Til-Tops is a challenging and rewarding learning experience beyond the ordinary.
- The requirements and challenges in our climbing tracks will push students' physical and mental limits.
- With nature as a classroom and treetops as furniture, students get a unique experience for themselves and as part of a team with their classmates.
- You should plan for 3-4 hours for the total activity, including check-in, instruction & climbing time. You can combine several activities in our park, and bring your own picnic supplies.

BEFORE YOUR VISIT TO TIL-TOPS

- Make sure you reserve your activity slot well in advance. Let us know how many guests will be climbing, how old they are, and whether they have any special requirements, wishes or needs.
- For our guests' safety, anyone who climbs needs to wear sturdy, closed shoes. Participating in the activity is not possible if guests are wearing unsuitable footwear such as flip-flops, open sandals, no shoes, high-heeled shoes etc. We recommend comfortable clothes and for the girls to bind long hair into a ponytail.
- Please print our "Safety Rules" sheet and make sure that your class knows and understands its content. You can fill in and sign the sheet on behalf of your class – please make sure that you note each participating pupil on the back of the sheet, including name, first name and birth date.

DURING YOUR VISIT TO TIL-TOPS

- As you arrive at TIL-TOPS, please check in at reception and announce yourself with your name, the name of your school/institution, and the number of climbing guests.
- You will be asked to provide your school's / institution's EAN number, so that we can apply our corporate rate and invoice directly to the school/institution. In that case, no payment is needed on site, other than purchases in our kiosk.
- You will also be asked for the "Safety Rules" form that is signed and mentions each climbing guest.
- Our staff will then equip the climbers with a harness and give them the safety instruction. This will take about 20-30 minutes.
- Please note that depending on the age, height and weight of the guests, they will have access to different climbing tracks. Check out the respective park sites for details.
- After your safety instruction, you will climb the various tracks with your group. An instructor will be nearby and can help in case guests have questions or need assistance.

AFTER YOUR VISIT TO TIL-TOPS

- Sign up for our newsletter to hear about updates, special events and offers.
- Please share your feedback on our Facebook site, on TripAdvisor or via email. Thank you 😊
